## **DISABILITY PARKING PROCESS**

### **INITIAL APPLICATION PROCESS:**

1. All applications for persons with disabilities parking spaces in residential areas shall be submitted to the Public Works Department- 925 S 3<sup>rd</sup> St, Clinton, Iowa.
2. Applications are then reviewed by the Public Works Department and the Police Department. The application is ultimately approved or denied by the City Council. Upon approval by the City Council, the applicant will receive a phone call informing them of the approval and telling them that \$25.00 (either cash or check) must be submitted before the disability parking sign is installed. The sign shall only be installed after payment of the permit fee has been received.
3. If the Clinton Police Department or Public Works Department states the request is not warranted, (such as: garage access is available), and the City Council denies the application, a letter will be mailed to the applicant informing them of the denial. Should the applicant want to appeal the decision, they may submit a written request letter to the City Administrator within 14 calendar days of the receipt of the denial. Failure to timely file said written request for hearing shall constitute a waiver of the right to any appeal. The decision of the City Administrator shall be final.

### **RENEWAL PROCESS:**

1. In September of each year, annual renewal letters are mailed to all disability permit holders. Enclosed with the renewal letter, is a renewal application to re-apply for the following year. The renewal application has to be completed by the permit holder and returned to the City of Clinton along with the renewal fee of \$5.00. If the renewal fee has not been received by the date in the renewal letter, the City will assume the space is no longer needed and the disability parking sign will be removed. If the applicant was late renewing the permit, the cost will be \$25.00.

### **MOVING/CHANGES:**

1. If the disabled person moves to another residence, the applicant must complete the application for the new residence. Upon approval by the City Council for the new residence, the sign will then be transferred.
2. Has the situation changes since last year? If so, please contact the Public Works Administrative Specialist at: 563-242-2144 option 1, option 3 to notify the City of the change- at that time, the application will have to be reassessed by the Public Works Department and the Police Department. Example: built a garage/driveway/ramp, etc.

### **ADDITIONAL NOTES:**

1. Please be aware that once the sign is installed, it is not a reserved parking space. Anyone with a disabled persons license plate or placard could park there.
